ALDER RIVER GRANGE #145 OBSERVING 80th ANNIVERSARY ON FRIDAY EVENING

Alder River Grange of East Bethel will observe the 80th anniversary of its organization with festivities at the hall Friday, Aug. 24, beginning at 5:30 p. m. with a hot dog and corn roast open to anyone interested in attending. Those attending should bring a hot dish or a salad and Alder River Grange will furnish the dessert. Following the barbecue, a program of music, films on agriculture and greetings from Grange officials will be held. This will be an open meeting and anyone interested in helping Alder River Grange observe this important milestone in its history is cordially invited to attend.

Alder River Grange was organized on June 20, 1904, in Mount Abram Hall in Locke Mills which once stood across from the present Bob's Corner Store. The name was derived from the fact that Alder River flows in front of this hall. W. S. Larabee, State Deputy, was in charge of the meeting.

Soon after its organization by many East Bethel people it was decided to build a hall on July 8, 1904 on land donated by James Madison Bartlett, A Hall Committee was appointed consisting of Fred B. Howe, Eugene Bean and George K. Hastings. Suppers and card parties were held in homes throughout East Bethel to raise funds and on Nov. 24, 1905 the first meeting was held in the new hall. This hall has recently been painted as a community service project of Outward Bound in time for this 80th birthday observance.

NOTES FROM THE CHAMBER OF COMMERCE

As the Town Office was closed and the early morning August air was too chilly for a sidewalk meeting on Tuesday, the Chamber of Commerce met at the Chapman Inn, home of director Robin Zinchuk. Plans were finalized to host an evening meeting at R.F.D. #1 on Tuesday, Sept. 4, at 7:30 p. m. to discuss advertising and content of the Bethel booklet. All Chamber members interested in participating in advertising and development of the booklet are urged to attend. The DownEast advertising project is complete with two full pages of advertising for the October issue. An article entitled "Mountain Towns" will also feature Bethel in that issue. The Chamber is seeking office space, preferably in the business district, to locate an answer phone. It is hoped that this office will grow to accommodate all Chamber business and information services. Mac MacMunn, proprietor of the King's Inn, invited the Chamber to meet at his inn on Sept. 4 for their regular weekly meeting. The Aug. 28 meeting will be held at the L'Auberge at 7:30 a. m.

REP. MILLS TO HOST BETHEL DEMOCRATIC COMMITTEE

Airport Environmental Impact Study Approved

On Friday, Aug. 17, a representative of Congresswoman Olympia Snowe's office called the Town Office to report that the Federal Department of Transportation in Washington, D. C., parent organization of the Federal Aviation Authority, had approved funding in the amount of \$17,536 to conduct a detailed environmental impact study at the Bethel Airport. Both the State and Town will add an additional 5% each to fill out the total cost of \$19,920. The Town's share is not coming from tax revenues, but instead from converting certain appraised land donated for airport use into a cash account with FAA.

This study is the last preliminary step to be completed before commencing construction of expanded facilities in accordance with the "Airport Master Plan" (1982) approved by Bethel voters at the March 1983 Town Meeting. Principal steps in the expansion will include a new 3,150 foot paved runway, air navigational aids, and taxiways and aprons. The study will determine the impact of these new features on the environment. Also, the Maine Historic Preservation Society will conduct an archaeological dig to determine whether the site was used by early inhabitants. Engineers from the Androscoggin Valley Council of Governments was selected as the prime contractor to conduct the environmental impact study. According to C.O.G. engineer John Maloney, efforts will begin right after Labor Day.

Board Meets in Brief Session

In a brief meeting Monday afternoon, Aug. 30, in the Town Office Meeting Room, the Board of Selectmen approved a liquor license renewal application for Brian and Sandra Strickland d/b/a the R.F.D. #1 Restaurant. Telstar Regional School Guidance Director Daniel Hart announces that the annual orientation for all incoming ninth graders and new students attending S. A.D. 44 is Wednesday, Aug. 29, at 3 p. m. in the Lecture Hall at the high school.

This will be the third year Telstar has held an orientation prior to the starting of school. Approximately 160 incoming ninth graders and over 20 new upperclassmen will be attending Telstar this fall. Therefore, Mr. Hart feels more time is needed for these students to receive '84-'85 course schedules, tour the high school's facilities and participate in an informational meeting. Special attention will be given to high school procedures, activities, peer pressure, and other anxieties of making the transition from one school system to another.

It is hoped all parents and students will take this opportunity to meet with Mr. Hart and learn more about Telstar Regional High School. For further details, Mr. Hart can be reached at Telstar (824-2138).

NEWS FROM ADULT AND COMMUNITY EDUCATION

The S.A.D. 44 Adult and Community Education Advisory Council met on Wednesday, Aug. 15, at Telstar Regional High School for a regular meeting. The group received an update on summer activities from Adult & Community Education Director Cathy Newell, including the Bus Driver Training Course, the Standard First Aid class, and the recent Adult Education Academy held at Sunday River Ski Area.

The 1983-84 major initiative regarding the use of National Training Labs as a community resource was reviewed. The project began at the September 1983 meeting, at which Charles Seashore addressed the group on the history of NTL and the Bethel area. During the year the S.A.D. 44 Adult and Community Education Council participated on the local NTL liaison committee, assisted in production of the informational booklet for NTL participants, and sponsored a two-day class in March for local residents which was taught by Charles Seashore. Gertrude Hutchins and Cathy Newell have represented the Council on the NTL initiative. The 1984-85 Adult and Community Education schedule will include at least two NTL classes in Bethel.

The use of the Andover Elementary School, and the addition of new courses in Andover was a topic of special discussion, with Council members Betsy Mixer and Katherine Luce of Andover, S.A.D. 44 Board Chairman Darline Hall, and Andover Elementary School Principal David Murphy offering suggestions for courses, and a smoother use of facilities.

The tentative list of fall courses was reviewed, with additional suggestions made.

Telstar High School Principal Ted Davis reported to the Council on changes for the coming year at the High School, including Advanced Placement courses. He answered questions on the recently completed Summer Session, and it was agreed to include announcements about the availability of summer school in the mid-year Adult and Community Education brochure.

Council members in attendance were Muriel Whitney of the Bethel Area Health Center, Gertrude Hutchins, Rachel MacKay and Henry Dombkowski of Bethel; Milton Mills of Bryant Pond; Betsy Mixer, Katherine Luce, and Darline Hall of Andover; Adult and Community Education Director Cathy Newell, S.A.D. 44 Principals Ted Davis and David Murphy.

Greenwood City

— Mrs. Collita Morgan, Corres. —

The earth is full of surprises. One can never predict what can be found on a day afield. At this time, because of the moisture and rains a profusion of fungi decorates the woods. There are several varieties of colors of odd shapes. Some are spongelike, fleshy growths, white, buff, reddish, or orange. Many are found at the bases of trees. The drier forms, shelf fungi, are on the trunks and grow slowly. I know little about them except to admire them.

The flower-show of the year is coming to a close. The great mullein and evening primrose adds yellow splashes to the goldenrod, black-eyed-Susans, vetch, and asters.

By the pond and rivers we see the abundance of pickerel weed, blue spikes, interesting to the insects, fiery red cardinal flowers of the arrow head.

Several days, the sun has peeked into the valley, and the rays dissolved the mist clinging to the ponds; a pleasant change from a week ago.

Going to the pond's edge one day, among the weed tangles, I advanced slowly, pausing often. Perhaps I spent more time standing still than moving. I observed a fly basking in the sun, a bee, the toiling its way up a reed, a tiny butterfly drifting in and out of the tangle or disappearing beneath the arches of grass.

A motion caught my eye and a turtle slid into the water.

The kingfisher released its rasping call, as it flew over its fishing nook.

Coming back as I brushed against the tall grass, I found they had gone to seed. Something flew out and floated on the water; a leaf hopper took a swim. Only that it moved showed me the difference from the seed.

Back home the humming birds were shifting from bloom to bloom on the bee-balm. I watched two, face each other, hanging momentarily on vibrating wings, just looking. One turned left and the other turned right choosing a flower on which to stop. Bills ran in.

side for nectar. Just a sip then it reversed itself, back peddled and was off to another blossom.

So the seasons move on. I like the way Ann Zwinger describes them when she wrote "part of each season is continued in every other."

I went to the top of the pasture fields this week, too. The hay is now cut. I stood and looked to the mountains, pond, and valleys, that are mine to see. A clear bracing day mellow with August sunshine, while clouds drifted overhead, making islands of shade across the fields and woods.

At the close of the day we sat on the lawn gazing at the sunset across Hicks Pond, as its beauty faded in the sky.

We turned back time 60 or more years and renewed the acquaintance of my mother's sister's granddaughter. She, Mable Nichols, (married name) moved to Florida when she was very young. The years passed and our play days together were no more. She and her husband are visiting Maine and so we tried a relative get together at the Day Homestead on Curtis Hill, on Wednesday. Those of us who are left, and joined the group enjoyed the day. We appreciated Lettie Day Brooks having us at the old home place of her mother, another of my mother's sisters. Let's look forward to another.

Blaine Mills brought some interesting place-pictures for us to see one evening. We enjoyed them. Doris Hayes has her son, Erwin and wife, and their daughter and husband and children, Mr. and Mrs. Terry Spire, visiting for a few days. They attended the Cole-Hayes reunion on Saturday and the Rowe reunion on Sunday.

Barbara Honkala and Evelyn Tamminen were recent callers. Others have been: Carl and Lettie Brooks, Joshua and Denise Adams, Rena Curtis, Kathy Curtis, Sylvia Luxton, Ernest and Ina Mundt.

Sent in by Viva Whitman:

What a relief it is not to have it so humid the past day or so. It makes it seem almost cold, after the terrible hot and humid weather, but it also seems good to be able to breathe better.

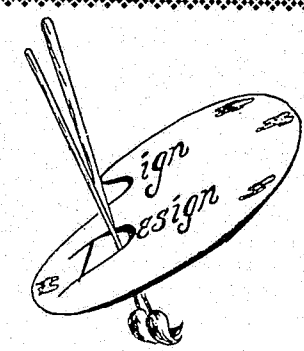

Monday was a day of doing lots of things. Russell mowed part of the lawn and had to stop when it showered, but went back and finished it up later on. Also did some book work when it was showering. He always has a lot of Grange work to do and it takes a lot of his time. I did odd jobs around the house and crocheted for a while. Had ordered some blackberries but didn't expect them until the next day, but lo and behold, Lewis Marcotte came bringing them in late in the afternoon.

Was going to make freezer jam and found I didn't have sugar enough, so had to wait until the next day to finish that job.

Had an early doctor's appointment on Tuesday so didn't do anything at home until we got back from there. I worked all afternoon to fix Russell's head gear that he uses for traction. It wasn't pulling in the right place on his neck, but with lots of patience and work, I think I have it where it should be, now. He has so much trouble with his neck and the doctors say traction, so he does it every day. I knew I was going to Lewiston on Wednesday to babysit my granddaughter while Michael took her Mother out to dinner in the evening and we had tried to get up a surprise birthday party also, but not many came. However, we had an enjoyable evening after Wynona and Michael came home. A few friends were there and we had ice cream and cake, also some gifts for Wynona.

Left Lewiston Thursday morning and Bonnie says, "Where would you like to go? Anyone you would like to visit?" I told her I had wanted to get to see Ron and Helen Stearns who used to be neighbors of our when I lived on the Waterford road years ago and she took care of Wendall while I worked so we went to see them for a short visit. It was good to see them and have a chance to talk for a little while. Hope I can get back again some time.

Got home to find Peggy was there visiting and just getting

lunch, so got busy and helped get it ready and we all had lunch, then Bonnie played the piano for us after dishes were done. Russell liked it so well, he went to sleep while she was playing and singing.

Friday was wash day, so headed out fairly early to get that done and glad we did as the laundry was full when we left. Also had an appointment in South Paris to keep after the wash was done. Went home after that and had lunch then went to North Bridgton to see the doctor there. Had an appointment, but his office was closed and a note on the door saying he had to be elsewhere, so I had to find someone else as my back was of place and half killing me.

Made a cake on Saturday and did a little other cooking, but didn't do too much as my back was still bothering. Also the new medication didn't make me feel too good. Guess it doesn't mix with the other medication I have to take. Russell and Lawrence went up to Alvin's place and got some spare lumber he had and Russell started working on the stairs for the back of the trailer. Got to have some decent ones there while he works on the front, closing it in. He worked until he couldn't see any more as it was getting too dark. Had made the cake for Sunday as we are to have a family reunion at New Gloucester, with the family from Mother's side of the family.

Not very good weather this morning, but if it doesn't rain it won't be too bad. It is another cool morning and after the furnace started this morning, I had to have a coughing spell. Hope that's not an indication of what is to come this winter.

Got home from our family reunion tired but pleased to have seen so many of our relatives that we don't see otherwise. There were 97 folks present and all enjoyed the day, even though it was chilly outside. Everyone brought goodies that were put together, then one and all helped themselves to whatever looked good. We had the reunion at Warren Rowe's place in New Gloucester, at the old Rowe Homestead and there is

plenty of room for such a crowd to gather.

Before I close my writing this week, I want to let folks know that there won't be any Grange meeting on Aug. 25 as that is the night the sixth degree is being worked at South Paris and some of us plan to be there to take it and join the State Grange. Our next meeting is Sept. 8, so please remember and come then. We will have our usual pot-luck supper before the meeting and try to have a good program of some kind.

FRASER - JONES

Mr. and Mrs. Richard Fraser

On Sunday, July 8, LeMontagnard Chalet in Lewiston was the scene of the wedding of Nancy Jones of Lewiston and Richard Fraser of Bryant Pond. The bride, the daughter of Mr. and Mrs. Marcel Larose of Auburn and Acadia, Fla., is part owner of A & B Florist of Lisbon. Mr. Fraser is the son of Doris Fraser of Bethel and the late Donald Fraser. He is employed at A. C. Lawrence in South Paris.

Following a trip to the White Mountains the couple is residing in East Poland.

ERSKINE - HAINES

Louise Ellen Haines, daughter of Mr. and Mrs. Gilbert Haines, West Bethel, and Joseph Wayne Erskine, son of Mr. and Mrs. Arvin Erskine, South Portland, were united in marriage in a double ring ceremony at Saint John the Evangelist in South Portland on Saturday, June 16. Officiating at the ceremony were Reverend Norman Rust and Father George Pelletier. The soloist was Michael Schools, singing "The Wedding Song" and "Annie's Song."

The bride, escorted to the altar by her father, wore a poly chiffon gown with a Queen Anne neckline and a fitted bodice, featuring Victorian sleeves, a ruffle flounce hemline accented with Venice and Schiffler lace, and a full-length skirt which flowed into a chapel length train.

Her hair was decorated with sequins and pearls with a finger tip-length white illusion veil. Flowers were a cascading bouquet of pink roses, baby white carnations, and lily of the valley.

The matron of honor was Jody Deegan, sister of the bride. She wore a lavender taffeta gown with a drop waist-line, ruffled bodice, and ruffled sleeves. WEST BETHEL Children's Center

Last Thursday's trip to the Rumford Zoo was a wonderful experience. Darnita Yates volunteered so the child/adult ratio was about 2/1. The group took a leisurely stroll through the zoo and had plenty of time to study and observe how the animals ate, washed, played and slept.

The animals initiated lots of questions and discussion about nature, far away places, similarities and differences between animals, and likes and dislikes.

One of the Outward Bound Junior Groups will be finishing their course with a Service Project with the Center children and staff on Friday. The teens plan to share some of what they've learned together about teamwork, backpacking, and climbing. Everyone is looking forward to a visit to the Outward Bound L. L. Bean Mountain Center in Newry.

Mindy Hale is ★Star of the Week★ this week. Being the "star" gives each child the opportunity to share with staff and children feelings about his/her family and helps the child articulate what is important to him/her by describing favorite places to go,

books, songs, food. This process helps children in self identification and individualization and encourages appreciation of similarities and differences among peers. The children look forward to their special time to be the "Star."

The date of the fund raising public supper and open house has been changed. It was decided that Labor Day week end is a family week end and that is inconvenient. Reminder: The Center will be closed Aug. 27 for staff training.

We were pleasantly surprised to be visited by Danny Milton and Bob Moech, Geologists, working for the U. S. Geological Survey. Danny spent three summers during the late 50's and early 60's doing extensive work over the area, attending Harvard University during the rest of the years.

Later, Danny, his wife Leanne and two month Bethany returned for a social visit. Danny filled us in with some information concerning the extensive mineral exploration in the Hampshire. He is of the opinion it is questionable

whether this operation will develop to the great extent as speculated. The Planning Board met Monday. Three buildings were given a green light, including a camp at Tyler Cove, building on Back Street, and replacement shed on Umbagog. Other people present asked questions about some projects pending on their property. There was discussion of revision of the building code.

Leo and June Goulet are occupying their Grange Hall home in Upton.

Wilfred Lavalée is reported able to talk and off the breathing machine. He has shown amazing recovery so far from such a serious accident with severe injury. Some of his family have been with him constantly with others as frequent.

His son, Nicholas, has been staying with maternal relatives in the Berlin area.

Boise Cascade has a crew painting lines along the Maine-New Hampshire border. The crew is from a company hired by Boise for the job.

Goldie Bergeron and Rosella Gross visited the Bergerons on the occasion of Joseph's 5th birthday. The Atwoods were guests during the week end also.

Miss Pamela Morton and Daniel Chartier were married July 7 in a double ring ceremony at St. Athanasius and St. John's Church, Rumford, with Fr. Richard Nadeau officiating.

The bride is the daughter of Mr. and Mrs. Hanson Morton, Andover. Her husband is the son of Mr. and Mrs. Rosaire Chartier, Roxbury Pond.

The bride was escorted to the altar by her father. She wore a white empire waist gown fashioned with long sleeves and full skirt en train. She wore a fingertip veil caught to a cap and carried a bouquet of pink, blue, white and lavender daisies.

Miss Paula Morton, sister of the bride, was maid of honor. She wore a floor length dress of pink print, with tuck detail bodice front with self loop and button closing, stand up collar, skirt gathered to bodice shaped waistline with a ruffle at the bottom. Sleeves were puffy elbow length with elastic casings forming self ruffles. Her dress was trimmed in white lace and pink ribbon with bows around the ruffles of the sleeves and bottom of her dress and a bow at center of waist. She carried a bouquet of pink daisies.

The bridesmaids were Belinda Abbott, West Paris; Dora Morton, Andover, and Lynn Chartier, Rumford. The bridesmaids wore dresses matching the maid of honor in lavender, blue and pink. They carried a bouquet of daisies to match their dresses.

Jamie Chartier, Rumford, was flower girl. She was dressed in a floor length lavender print dress with round collar trimmed in lace, cap sleeves with elastic cas-

MAINE TRAVELERS WARNED OF DRUNK DRIVING LAW

Travelers in Maine are reminded by the State Police how Maine's Drunk Driving Law could affect them - if they drink.

A motorist criminally convicted for Operating Under the Influence (O.U.I.) in Maine faces a minimum of 48 consecutive hours in jail, minimum \$350 fine and minimum loss of license for 90 days. The law is tough because none of the penalties can be suspended," said Colonel Allan H. Weeks, Chief of the Maine State Police.

Weeks said loss of license can be up to one year. In addition Operating Under the Influence will automatically be charged with O.U.I. if the driver was driving more than 30 mph in excess of the speed limit or attempting to elude a police officer which resulted in the prosecution for O.U.I.

"The Maine State Police are concerned about the needless serious injuries and death on our roads resulting from inconsiderate motorists who have been drinking beer, wine or liquor," said Weeks.

The State Police chief said Troopers have pre-arrest screening devices in their possession that allows for a prompt breath alcohol test on suspected motorists. In addition, specially trained officers cruise about the State in intoximeter-equipped Breath Alcohol Testing vans known as "BAT-mobiles."

"The success of Maine's tough drunk driving law has been the voluntary compliance of motorists not driving after drinking, our enforcement effort is aimed at those who break the people's life saving law."

The Bethel Inn Country Club

Newry

— Miss Amy Hanscom, Corres. —

The Selectmen have received notice from Dewaine Craig, Superintendent of Schools, S.A.D. 44, that the Board of Directors have voted to transfer control and ownership of the Raymond Foster School and all real estate to the Town of Newry. The school was built by the town in 1964-65, and ownership was transferred to S.A.D. 44 later in 1965, when the District was formed. For the past several years the school has not been used by the District, but has been leased to NOVA. The present lease expires June 30, 1985. At their meeting Friday morning the Selectmen voted to hold a Special Town Meeting at the Bear River Grange Hall at 7 p. m. on Tuesday, Sept. 4, to see if the Town will vote to take over the property, to see what amount of money the Town will vote to authorize the Selectmen to transfer from surplus to make necessary repairs on the building, to buy furniture and fixtures for the building and to see if the Town will vote to authorize to lease a portion of the building to NOVA after the present lease expires. The Selectmen have received word from Dana Connors, Commissioner of M. D.O.T., that the D.O.T. is taking their request for repairs to Route 26 in Newry, under advisement, and that they have their project request on file. The Selectmen have received the projected State Valuation for FY 1985 from the State Bureau of Taxation. The FY '85 figure is \$11,850,000, up 11% from FY '84. The Selectmen prepared the 1984 Municipal Assessors Return for the State Bureau of Taxation at their meeting Friday morning.

Notes from NTL

After eight successful weeks, NTL Institute's Sunrise Seminars have ended for this year. These informal 45-minute early morning sessions were presented by the changing staff members over the summer and covered a wide variety of topics. New seminars will be held again in 1985 and, as always, will be open to all interested persons from Bethel.

The NTL week-long programs, however, are continuing on a reduced scale this week. While the Gould Academy site for NTL has closed for the 1984 season, two programs are being held at the NTL Conference Center on Broad Street, and a third is being conducted at the Cascades Hotel/South Ridge Condominiums at Sunday River. These include the basic Human Interaction Laboratory; another on understanding and increasing personal, team, and organizational effectiveness; and the third program is NTL's popular Management Work Conference — a program offered more than a dozen times each year, but being held here in Bethel for the first time.

Even these programs do not signal the end of NTL's 1984 extended season, since one more week-long Human Interaction Laboratory will take place at the NTL Conference Center in early September. That session is of particular interest to joggers who no doubt will be seen running all around

NOTES FROM THE WOODSTOCK HISTORICAL SOC.

Thought for the week: "Education is about the only thing lying around loose in the world, and it's about the only thing a fellow can have as much of as he's willing to haul away."—George Horace Lorimer.

Regarding this quote: In years long past men gave themselves over to learning more enthusiastically than today. They plunged right into the world of books headfirst. Consider, for example, Mary Ellen Chase's account of Jonathan Fisher's preparation for the pastorate:

"His reading . . . includes Edwards' 'On the Will,' Paley's 'Moral Philosophy,' the Dialogues of Plato, Doddridge's 'Sermons,' the 'Koran,' and several histories of the Reformation. For his lighter hours he reads his favorites, Young, Thomson, and Milton. He falls in love with Pascal's 'Thoughts' . . . He writes four dissertations, three in Latin and one in English, all of which he delivers in the college chapel. . . . His painting continues to occupy many hours. He makes four views of Harvard College. . . . He paints a study of Adam and Eve and one of David with the head of Goliath. And his poetic Muse . . . is by no means silent, besides which, he carefully records events in his diary."

Education is indeed a free commodity, so let us learn to capitalize on it as much as possible.

Brooks, Richard Felt and Jeff Mills. Program as follows: music, two songs by all; presentation to Ethel McKenzie of a 65 year seal; Aldine Merserve was introduced, she is on the State Lecturers Committee serving in this district, and she spoke; Harry Boyer sang two songs; Glenn Chute was introduced and showed pictures of a tour of the United States and told about them; Closing thought and closing song. There were 19 lecturers and 13 overseers present.

— Eveline B. Vatcher, Corres. —

The North Paris Community Club held a special meeting on Monday evening, Aug. 13. Voted to cancel the Aug. 25 supper due to the benefit supper for the Roberts family on Aug. 23. We will have our next supper on Sept. 1, and it will be a benefit supper for David Lyons who has been unable to work since mid June due to broken bones in his leg. More details later.

The "hot top" crew worked all day Saturday to finish up the topping work and several of the machines were moved out. Joe Vatcher had his door yard hot topped and it looks good.

Helen Bertholdt and four children returned to their Saugus home Sunday afternoon.

David and Susan Lyons spent the week end at their home here as David had a doctor's appointment and he hoped for a walking cast. It has been a long summer for him on crutches and he had a lot of work planned. Some times it doesn't pay to plan too far ahead. Just take each day as it comes and enjoy it.

Arnold Coffin, Norman and Arlene Abbott and the Lawrences called on the Vatchers this past week.

Joseph Vatcher went to Danvers, Mass., Tuesday to visit his mother and brother-in-law, Robert Anderson in Burlington. Eveline was sick and unable to go.

Callers at Lawrences: Linwood Buck, Rhoda Vatcher, Norman and Arlene Abbott, Arnold Coffin, Mr. and Mrs. Albert Downing, Sharon Felt and Jenny, Joe and Eveline Vatcher. Some nice person left a

FRIENDLY SENIOR CITIZENS

Summer activities for the Friendly Seniors started on June 29 when a two hour boat ride on Long Lake on the Songo Queen was enjoyed by all, from various parts of Oxford County.

Frank Pratt and Ed Gagne provided the entertainment. Don Marshall from Bridgton won the \$50 gift certificate, Genevieve Maillet, Theresa Proctor, Alice Knights, and Edith Miller baked the cakes for those celebrating birthdays and anniversaries.

On July 17 the Seniors travelled to Estes at South Harpswell for a sea food dinner, a stop in Lisbon was made for ice cream on the way home.

Aug. 14 found the group in Yarmouth at the Muddy Rudder restaurant, again for a sea food dinner. Then on to Soule's Carriage House (Yarmouth) for a viewing of old carriages, some dating back to 1700. The ice cream stop was made at Gray on the way home.

The next regular meeting will be on Sept. 5 at the North Waterford Church. North Waterford members will be on the pot luck dinner committee. Life membership cards for members 85 or over will be given out—if the cards are ready.
